HEARST'S GUN LOADED

Reveals Attack on Governor Haskell, of Oklahoma.

PUTS M'LAURIN IN OIL TANK

He Speaks Before the New York State Convention of the Independence League Party—Reads Another Batch of Letters.

New York, Sept. 26.—William R. Hearst addressed Thursday night the state convention of the Independence League party, as the New York state branch of the national Independence party is officially known, renewed his attack upon members of both the republican and democratic parties, and produced another batch of letters which he said were written by or to John D. Archbold, of the Standard Oil company.

One of the letters was addressed to former United States Senator John L. McLaughlin, of South Carolina; and there was also a letter from former Senator McLaughlin to Mr. Archbold, in which the writer declared he could "bet Tillman if properly and generously supported."

Mr. Hearst read also a letter from Representative Jos. C. Sibley to Mr. Archbold and a letter from Mr. Archbold to a "republican senator," whose name did not appear.

Reviewing his assault upon Governor C. N. Haskell, of Oklahoma, treasurer of the democratic national committee, Mr. Hearst declared that not only was he a "Standard Oil tool and promoter of crooked railways, but was one of the organizers of the steel trust."

He quoted from what he said was a court record of a suit brought by John P. Bailey, Mr. Haskell's law partner in Ohio, against the Illinois Steel company and the Federal Steel company, for services rendered by Mr. Haskell as attorney "and organizer."

Mr. Hearst also quoted from what he declared was a recent speech by Mr. Haskell, defending the Standard Oil company, as "having done wonders in the country."

"We know," said Mr. Hearst, "that it has done wonders in the United States senate."

The new charges were received with great enthusiasm.

HONORED, SAYS HASKELL.

Kansas City, Mo., Sept. 26.—Governor Haskell denied that he intended to resign his position as the treasurer of the democratic national committee.

Regarding Mr. Hearst's charge coupling him with the steel trust, Haskell said he felt highly honored at being named with Schwab, Carnegie and Morgan. He denied that he had been in New York city in 1896 at a gold democratic meeting in Madison Square garden and applauded attacks made on Mr. Bryan.

He declared that President Roosevelt is the "biggest four-fusher" in the political business today, and added:

"You ought to hear what they think of the race down in Oklahoma."

Bryan Will Answer President's Attack. Cincinnati, O., Sept. 26.—Mr. Bryan will make answer to the letter of President Roosevelt replying to his telegram in reference to charges against Governor Haskell's alleged interest in the Standard Oil company. Mr. Bryan did not indicate Thursday when he would find time to write his answer, or in what manner he would do it, whether by letter or by a statement, but he indicated that his reply would be made as speedily as he could.

Liberal Convention Called.

Atlanta, Sept. 26.—Colonel Sidney C. Tapp, founder of the new "liberal" party, has issued a circular call to the members to meet in national convention in Chattanooga on Oct. 1. At this convention candidates for president and vice president will be named.

SENT FAKE MESSAGE.

Man Disguised as Negress Tried to Abduct Young Lady.

Thomasville, Ga., Sept. 26.—What appears to be a deep-laid plot against one of the most prominent ladies in the city occurred Thursday afternoon.

A negro woman, now decided to have been a white man in disguise, drove to the house where Miss Lucile Linton was living alone, and gave her a note purporting to be from her brother-in-law, Gerald Green, of the city of Athens, Ga., stating that he had been injured in a runaway, and asking her to come to the home of Mr. Ritchie, three miles from town.

As a telegram was sent Miss Linton from Moultrie signed with her brother-in-law's name, she did not hesitate, and left with the woman, but became suspicious, and on the outskirts of the town refused to go any further. The supposed negro grabbed her, but she drew a pistol and fought off the fictitious negress, in spite of the efforts to throw a blanket over her head and to bind her with straps of ducking which had been provided for the purpose.

D. J. Brewton heard her screams and on his approach the negress leaped from the buggy and ran. Shots from nearby proved the presence of confederates.

The motive is supposed to be the robbery of the home after the abduction of Miss Linton.

TAFT SPEAKS IN IOWA.

Candidate Pledges Himself to Do Much For Cause of Labor.

Clinton, Iowa, Sept. 26.—Iowa welcomed William H. Taft early Friday morning and listened to his voice throughout the day as his special train touched at Clinton, Davenport, Muscatine, Burlington, Ottumwa and Des Moines.

Mr. Taft's voice, which troubled him much Thursday, was in decidedly better condition when at 8 o'clock he addressed a large crowd in Dewitt park at Clinton.

The candidate devoted himself to the labor question, reiterating what he has heretofore said on that subject by holding up the republican legislative record in comparison with democratic promises, and finally pledging himself to do everything in his power, if elected, as he expressed confidence he would be, to put labor on an exact equality before the law with all other citizens—what he termed the square deal.

Governor Cummins preceded Mr. Taft in an address in which he pledged the national ticket the most hearty support.

ATLANTA PRIMARY.

Woodward Elected Mayor by Good Majority Over Both Opponents.

Atlanta, Sept. 26.—The city primary passed off very quietly. James G. Woodward defeated both his opponents by a majority of 426.

In the third ward there will be another election. Charles Chosewood led both his opponents, but lacked 71 votes of securing a majority of all the votes cast. He will run the race over with the next highest candidate, J. G. Haggard.

The majority for the popular election of certain city officials now elected by the general council and by the city boards was overwhelming. There were very few votes against the measure.

The vote was taken as an expression of the people.

Injured in Peculiar Manner.

Birmingham, Ala., Sept. 26.—Advices from Gadsden say that Congressman John L. Barrett, of the seventh district and prominent on committees of congress dealing with immigration, is suffering from an injury received in a peculiar manner a few days ago at his home.

He was seated on a chair when he attempted to pick up a paper which had fallen to the floor. The arm of the chair injured his side. It was at first thought that a rib or two had been broken. He will be off the platform for some little time on account of the injury. Physicians are attending him.

SHE WANTS \$100,000

Actress Sues Senator Elkins' Son For Alleged Breach Promise.

HAS CAUSED A SENSATION

Senator Elkins, It is Said, Admitted the Suit, but Denies that His Son Ever Promised to Marry Actress.

Nothing in It, He Says.

Phillippi, W. Va., Sept. 26.—The filing of a suit for \$100,000 damages on an allegation of breach of promise to marry by Louise Lonadale, a New York actress, against Blaine Elkins, youngest son of United States Senator Elkins, has caused a sensation.

The young man is a brother of Katherine Elkins, who is reported engaged to marry the duke of Abruzzi.

A summons was served on young Elkins at his country home at Atkins, W. Va., to appear before United States Judge Dayton and answer the charge.

In a talk over the long distance telephone Senator Elkins, who is at Atkins, W. Va., admitted the suit and said:

"My son never promised to marry this young woman, and there is nothing in it. He denies the whole charge absolutely."

TO TEST CONSTITUTIONALITY.

Louisiana's New Law Relating to Theatergoers.

New Orleans, La., Sept. 26.—The constitutionality of Louisiana's new law, forbidding theater patrons to take seats while the curtain is up, is to be tested by New Orleans theater managers.

The managers have decided on this course after experiencing two days of considerable annoyance since the law went into effect on Wednesday. Several theater patrons demanded their money back when they could not be seated immediately. A child which got out of her seat disturbed an audience by crying loudly for her mother when ushers refused to let the little one return. Enforcement of the law has not been thorough because the police cannot make arrests for its violation except when they personally are witnesses to the act of violation.

OFFICERS AFTER BLIND TIGERS.

Negro Spotter Fatally Shot While Leading Sheriff on Raid.

Birmingham, Ala., Sept. 26.—Deputy sheriffs made several raids during Thursday night in north Birmingham searching for blind tigers, reports of a number being in existence having been received at the office of Sheriff Higdon.

Joe Wian, a negro spotter in the employ of the sheriff, was steering the officers. A number of negroes had been taken in tow and placed on a house porch preparatory to being brought to the city after midnight when a pistol shot rang out and Wian fell to the floor.

Several of the prisoners got away, and there is no telling who did the shooting.

Wian cannot recover.

DANIELS IS OPTIMISTIC.

Chairman of Press Committee Speaks of Bryan's Ohio Tour.

Chicago, Sept. 26.—Joseph Daniels, chairman of the press committee, was at his desk Friday at the democratic national headquarters, and spoke enthusiastically of the Ohio tour of Mr. Bryan.

"I cannot make any statement concerning Governor Haskell or the Standard Oil incident at this time, with Mr. Daniels in response to questions concerning the probability of Governor Haskell retiring from active work in the national campaign. 'But I will say this, Ohio is just as surely in the democratic column as is Nebraska, and there is no doubt that Mr. Bryan's own state will give him the vote.'"

SOUTHERN PROGRESS.

Announcement of New Industries Soon To Be Started.

Baltimore, Md., Sept. 26.—Suggestive of the tendency in the south to utilize its various mineral resources in industry is the announcement of plans by a \$500,000 company to establish on thirty acres of land near San Antonio, Tex., a Portland cement plant capable of turning out 1,000 barrels daily. The buildings will be fire-proof and of steel and corrugated iron. An interesting undertaking is the development of a whetstone quarry on Burnt Mountain near Jasper, Ga., to have a capacity of 1,000 hones a day. At Columbia, S. C., will be erected a fertilizer factory with a main building 300 by 75 feet and an annual output of 10,000 or 15,000 tons.

In textiles the week was marked by announcements that a mill at LaGrange, Ga., will spend between \$400,000 and \$600,000 upon another plant to be equipped with 10,368 ring spindles, 132 looms, 57 cards, etc., using electric power and to manufacture heavy duck and carpet yarns; that a mill at Spartanburg has awarded contract for 10,000 spindles and 350 looms additional, and that a mill at Shelby, N. C., is to have another building to accommodate 9,000 spindles.

HITS ROOSEVELT HARD.

E. D. Cameron Takes the Part of Governor Haskell.

Guthrie, Okla., Sept. 26.—State Superintendent of Public Instruction E. D. Cameron, in a 2,000-word letter to President Roosevelt, declares the charges made against Governor Haskell of using the state educational system for personal ends, is a bare falsehood, and that the president, finding he could not prove his charges against Haskell on his own record, "descends to the dirt and filth of a ward politician to wilfully and malignantly slander the educational system of Oklahoma."

"The president," continues Mr. Cameron, "is a flagrant falsifier, a ward politician and a four-fusher."

IS HE AFTER SEABOARD?

Reported that Harriman Agents Are Making a Tour of Inspection.

Savannah, Ga., Sept. 26.—John F. Wallace, traveling in a private car, is touring the Seaboard Air Line system, accompanied by Superintendent Harry Grimshaw.

Wallace, who was formerly chief engineer of the Panama canal, is in the employ of Edward H. Harriman. It is said, and is making an inspection of the Seaboard Air Line preparatory to a report to Mr. Harriman upon its physical condition.

The Seaboard is now in the hands of receivers, and it is said that Mr. Harriman purposes securing control of the property.

Will Protect Lawabiding Negroes.

Brewton, Ala., Sept. 26.—Notices having been posted warning all negroes to leave Brewton by December 1 on pain of death, a mass meeting of white citizens was held at which the posters of the notices were denounced. The resolutions adopted declare that the notices "were posted by irresponsible persons, who either did not realize the incalculable harm such notices do the community or did not care what the result would be." Lawabiding negroes were guaranteed protection, and the meeting pledged its support to the city officials in running down the guilty persons.

Tuberculosis Conference.

Philadelphia, Pa., Sept. 26.—With all the preliminaries incidental to formal opening and organization out of the way, the delegates to the international conference on tuberculosis Friday gave undivided attention to the technical discussion on the cure and prevention of consumption. The leading men of Europe and America in the war on the disease joined in the discussion. Provision for advanced cases of tuberculosis, prophylactic measures in tuberculosis, hygienic requirements for caseatoria were among the subjects taken up at the morning session.

EARTHQUAKE AT SEA

Steamer Radmes Was Tossed About Like a Chip.

FOUR PERSONS LOSE LIVES.

Sea Was Greatly Agitated and Passengers and Crew Were Thrown to the Deck by the Onslaught of Violent Waves in Which Ship Was Caught.

Mexico, Sept. 26.—Advices received here from Acapulco report that two heavy earthquake shocks were felt Wednesday off that port.

The sea was greatly agitated and broke in tremendous waves.

The Cosmos line steamer Radmes, from San Francisco Sept. 8, for the city of Hamburg, was caught and tossed about like a chip. The passengers and crew were thrown to the decks by the onslaught of the waves.

Four persons were killed and several others were wounded by rolling spars and falling woodwork.

The earthquake was barely perceptible on shore.

KILLED WITH PAPER CUTTER.

Tragedy at Little Rock, Ark.,—Slayer Held Without Bond.

Little Rock, Ark., Sept. 26.—W. L. Greer, a well known collector of Little Rock, is in jail here charged with murdering James W. Renau, a brakeman, also of this city, in Greer's office, Thursday. It is charged that Greer stabbed Renau with a paper cutter. He was out in ten places, and died almost instantly in Greer's office.

A coroner's jury held that Renau was killed by Greer "while the deceased was held by Miss Cora Davidson," Greer's stenographer, and recommended that Greer be held without bail. The stenographer testified that she seized and held Renau's hand, which held a gun, while the two men were on the floor grappling with each other. The trouble between the two arose over a collection of a small amount.

WOMAN'S STRANGE SUICIDE.

First Appeared Nude on Streets Then Shot Herself in Home.

Dayton, O., Sept. 26.—Declaring her disgust with modern fashions, Mrs. Lulu Kreitzer, aged 40, a widow, returned to nature and appeared, it is said, in the street nude. When the police were summoned, the woman entered her home and after firing two bullets into her stomach, set fire to the house and defied the officers.

After some delay the door was broken down and the woman found lying on the floor in a pool of blood, but with a revolver clutched in her hand, from which she fired at the policemen until the weapon was empty. The bullets failed to take effect. The woman was fatally wounded.

CHOLERA DIMINISHING.

Complete Disappearance of Disease Is Expected Soon at Manila.

Manila, Sept. 26.—The epidemic of cholera is believed to have reached its height and to be diminishing. The daily average of cases in this city has fallen below thirty and a low death rate indicates that the plague is present in a form light and not virulent.

Alfred McVeigh, a government employee who for many years was in Columbus, O., and who was stricken several days ago, is dead.

The authorities expect a steady decline in the number of new cases henceforth and the complete disappearance of the cholera within a short time.

Farley Bails for America.

Rome, Sept. 26.—Archbishop Farley of New York, and his suite, who came to Rome last week to participate in the ceremonies on the occasion of the fiftieth anniversary of the celebration of his first mass by the pope, left the city Thursday for Naples, whence he sailed for the United States on board the steamer Princess Irene.

COUNTY SCHOOLS FOR TERM OPEN MONDAY

All Public Schools Will Begin Fall Session This Day.

LARGE ATTENDANCE INDICATED

University High School Has Bright Prospects for Busy Session and Unusual Large Enrollment—Teachers All at Their Respective Places.

The public schools of the county will all open for the fall and winter term Monday morning, when the pupils will again get down to their labors.

From letters received and personal conversation with supervisors and trustees, Superintendent Kelley is well pleased with the outlook for the schools.

From indications the coming term will be the most profitable ever held in the county, as good and efficient instructors have been secured for all schools, and the advanced information is that the attendance will be large.

The University High School for Gainesville, which is the highest public school in the county, will surpass all former records, and preparations have been made by the trustees to take care of the large overflow that has always been evident with the school.

Union Academy, the colored school of this city, has also had considerable improvements made about the building and grounds and is prepared for an extra large attendance, as it is known to be one of the best colored schools of the State.

From throughout the county the prospects are bright for a good and successful scholastic year, which should prove gratifying to the board and the superintendent, who have worked hard for this ending of affairs.

THE TITLE QUESTION.

Every purchaser or mortgagee of real estate should have the title examined and an abstract made, to ascertain whether there are any defects in it or encumbrances upon it. There are many perils attending real estate transactions, for very nearly all titles have defects, which render them dangerous, if not worthless. The title, therefore, is the first consideration.

Not only should the new purchaser or the mortgagee of a title have the records examined into, but the man who owns his home, and has a family dependent upon him, should see to it that there is nothing that could dispossess his widow or his children in case he should be called to leave them without his care and protection. How is your land titled? This is the question that effects all alike, and should be answered satisfactorily by every man in this county.

You, who read this, are certainly interested, and it would be greatly to your advantage to send to the Alachua County Abstract Co. of Gainesville for their free book on the title question which contains information that every land-owner should possess. They will also send a useful household article upon request for the book.

Death at Morriston.

Mrs. Owen Lloyd received the sad intelligence of the death of her niece, Miss Katie George, which occurred at her home at Morriston on Saturday morning after a short illness.

She left for that place immediately to be present at the funeral services, accompanied by her son, James, and Miss Ida George, who is living with her aunt in this city.

The deceased formerly made her home in this city with Mr. Lloyd's family and was well known here.

DROPS DEAD FRIDAY IN PORTER QUARTERS

Emily Lewis, a Negress, Expires in Western Section of City.

WAS DRIVING HER COW HOME

Small Boy Saw Her Fall and at Once Spread the News of Her Sudden Death—Was Faithful Working Woman.

Emily Lewis, a middle-aged negress living in the western part of the city, in what is known as Porter's quarters, dropped dead on the street in that suburb on Friday evening.

She was in the act of driving her cow home when she was struck suddenly and expired under an oak tree before assistance could reach her.

She called to a small colored boy, who was standing near at the time she fell, but before he could get to her she was dead, and he at once notified the residents of that section, who took the remains to her home at 302 South street.

The woman was an industrious, hard-working person, and generally worked in the fields in preference to the wash tub, but always took up the latter vocation when there was no field work for her.

Her sudden death caused a great deal of excitement among the colored population at the time, and many rumors were afloat as to the cause of her death.

A Traveling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to LeGrande, Ore.," writes Sam A. Garber, a well-known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said: 'There is a woman sick unto death in the car.' I at once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and with a death-like look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande, where I was to leave the train. I gave the bottle to the husband in case another dose should be needed, but by the time the train an into LeGrande she was all right, and I received the thanks of every passenger in the car." For sale by all druggists.

Has Reached Second-Story.

Work is progressing rapidly on the Masonic Temple and that building has now been laid to the second-story. The brick-layers have all been temporarily laid off until the cross beams and posts are placed in position, when they will resume their work and the building will be rushed to completion. The heavy rains of the past few days have interfered but very little with the progress of the workmen, as they put in all the time possible on the building, which shows that the contractors propose to have the building ready at an early date.

GAINESVILLE RANKS
SIXTH IN BUSINESS

Shows Steady Increase of Business of Postoffice.

MORE HELP IS NOW REQUIRED

The Council Will Take Action Necessary to Secure Additional Carrier, Making Five in All—Six Rural Routes Now in Operation.

The rapid advancement of Gainesville has increased the business of the postoffice to such an extent that more help is now needed, and Postmaster Lynch is working to secure additional help.

Already members of the City Council have taken action regarding the numbering and will present the matter to the next meeting to have the work done as required by the Government in order to secure the additional city carrier, which when approved will give us five carriers for the city mails.

There are now in operation five rural routes from Gainesville, and another has been approved and will be started the first of November. This will materially increase the labors of the already overworked employees of the office force.

So great has been the increase in the postoffice that it now ranks sixth in class of the postoffices of the State, and Postmaster Lynch wants to see advance further and is working with that end in view.

Other offices ahead of Gainesville are Jacksonville, Pensacola, Tampa, West and Miami, but it will not be long if the present ratio of increase continues that this will be the case.

More help is needed in the office here and the postmaster is now working with a view of getting the additional clerk, which will help materially in the matter of service.

C. W. Park Stock Co.

With a well-filled house the C. W. Park Co. last night presented its second production, which was fully as entertaining and interesting as the first, and there was not a dull moment throughout the evening. The acts were all well taken and acted with a cleverness that brought out every feature of the plot and characters. The electrical effects in the specialties between the acts were especially good and added much to the performance. The specialties were all new and novel, and afforded keen delight to the audience. The standance holds up well, showing the popularity of the Park people, and it is safe to say that the house will be filled to its fullest capacity the remaining four nights of the week.—Jackson (Ala.) BEAUTIFUL WOMEN

Use and Recommend

Newbro's
Herpicide

MISS MILDRED HOLLAND,
*The Charming and D deservedly Popular Theatrical
Star, writes as follows:*

"I am delighted with Newbro's Herpicide. It is just what I have been looking for. I find that it not only prevents dandruff, but that it stops the hair from falling out. It is a most delightful hair dressing, and no lady's toilet table is complete without it." (Signed) MILDRED HOLLAND.

A woman to be pretty must have pretty hair. There is a subtle charm about beautiful hair that lends more to personal adornment than all of the skill of all of the "beauty doctors" combined. The hair need not be of extraordinary or abnormal length, but it must have that distinctiveness of appearance that comes from intelligent care, and is the result of perfect hair health.

The most cultured ladies in every community use Newbro's Herpicide; and when you see a head of hair that glistens with beauty and is radiant with life, it is a fairly good indication that Newbro's Herpicide has been used.

A common cause of dullness of the hair is the presence of fine dust and soot in the streets that is kept in constant motion by trolley cars, automobiles, etc. This fine dust—frequently laden with disease germs—adheres to the hair and dulls its natural luster.

A delightful way to cleanse and beautify the hair is to moisten a cloth with Newbro's Herpicide and draw it carefully through the hair, taking one small strand at a time. It may be done daily, or less often, as desired.

The result of this cleansing process will prove a surprise, not only in the amount of dirt removed, but in the added beauty of the hair and the sense of cleanliness and comfort that follows. Shampooing will also remove this dust, but too frequent washing of the hair is harmful.

Newbro's Herpicide is the Original remedy that "kills the dandruff germ." It eradicates dandruff and stops falling hair. It is the only real scalp prophylactic in existence. A delightful and refreshing hair dressing. Stops itching of the scalp almost instantly.

Guaranteed under the Food and Drug Act, June 30, 1906. Serial No. 915.

NEWS OF CITY AND
COUNTY CONDENSED

Miss Emily VanDeventer, who has been absent for the past six weeks visiting points of interest in New York State, has returned to her home in this city, much to the delight of her numerous friends.

Miss Maude Lewis has gone to Alachua to assume her duties as one of the assistants in the high school at that place. She is an efficient instructor and the patrons are to be congratulated on securing her services.

The family of P. L. Prevatt have arrived in the city from their former home at Trenton and will make their future home in this city, being located in East Gainesville. The family consists of wife, daughter, Miss Alma, and son, Lewis.

Miss Lucille Colclough of Gainesville arrived in the city today from a visit to South Carolina and spent her time in the city shopping. Miss Colclough is a prominent society girl of Gainesville, and is equally popular in Jacksonville.—Metropolis, 25th.

Miss Lillian Henderson, after a delightful visit in this city for the past three weeks as the guest of her friend, Miss Annie Bostick, will leave today for her home in Savannah. During her short sojourn she has made many friends who will be glad to again see her visit the city.

Attention is directed to the financial statement of The Gainesville National Bank, which shows this young institution to be steadily gaining in patronage. Although the youngest of banking institutions here, it is fast coming to the front, which shows that its officers are men who understand their business.

W. M. Bullard and family have returned to their home in this city, af-

ter a pleasant visit to points of interest throughout North Carolina. Mrs. Bullard and the children have spent the past summer there, while Mr. Bullard has had only a three-weeks' stay of it, but he put in his time well and saw all that was worth seeing there as well as taking in Washington City.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physician for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

Kirby Gets Another Warrant.

Deputy Sheriff I. C. Walker has again been arrested, and this time it is for assault with intent to kill, which it is claimed happened at Newberry some time since.

He was notified of the warrant, which was procured before Justice Henderson by J. H. M. Kirby, and he left Saturday for that place to stand his preliminary hearing.

A WOMAN'S APPEAL.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains to the kidneys or neuralgic pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for good address Mrs. M. S. Bennett, Box 12, South Bend, Ind.

GET FAMILIAR WITH THESE.

As there will be a large number of Presidential Electors on the ballot at the election in November it behooves Democrats to become familiar with the Bryan electors, which are as follows:

For Presidential Electors:

H. P. BAILEY.
P. W. BUTLER.
ROBT. E. DAVIS.
GEO. C. MARTIN.
SAMUEL PASCO.

Paste this list in your hat, so that when you are asked who the Democratic electors are you may be prepared to give the desired information.

BRYAN AND KERN FUND

Following is the condition of The Sun's Bryan and Kern campaign fund as it now stands:

Previously acknowledged and remitted	
W. M. Blitch, Santa Fe	1.00
Eli Futch, Gainesville	1.00
J. W. Eitel, Gainesville	2.50
D. G. Harvard, Live Oak	1.00
Arch L. Jackson, Gainesville	1.00
W. H. Powell, Archer	1.00
P. G. Ramsey, Wacahoota	1.00
Dr. J. H. Hodges, Gainesville	1.00
E. G. Baxter, Gainesville	1.00
L. H. Hall, Orange Heights	1.00
E. R. B. Kite, Orange Heights	1.00
Robert Kite, Orange Heights	1.00
H. H. Bryant, Orange Heights	1.00

Let every one who can do so send in at least a dollar.

"Hurry! Hurry!! Hurry!!!" along with your contribution to the Bryan and Kern campaign fund, if you want to see the people rule in these United States.

"Amid a multitude of projects, no plan is devised." Trying to do too many things with an advertising appropriation is to fail to follow any plan or purpose.

The Standard Oil Company is not likely to put up much "dough" for either of the political parties in this campaign; but how about the sugar trust? In the days of Havemeyer it was the custom of that octopus to contribute equally to both parties.

The auditor's report of the accounts of the various city officers will be found in today's Sun. The council is to be commended for giving the public a more exhaustive report in this auditing than has heretofore been done, and the tax-payers are invited to carefully examine the report and make such criticism as they see fit.

TWO NEWSPAPER FAILURES.

Referring to the recent suspension of two Florida newspapers, The Punta Gorda Herald says:

"The Tallahassee Sun, edited by Claude L'Engle, and The Fort Myers Breeze, published by W. E. Griffin, have suspended publication, the former on the 12th and the latter on the 17th inst. Both give the same reasons—patronage insufficient to pay expenses, in consequence of which owners were running in debt. Both editors will engage for a time in other work to get money to pay off debts.

"We believe that the failure of these two papers is due in large measure to the effects of the panic, from which doubtless all the newspapers of the State have suffered, but we think, too, that the very aggressive editorial conduct which characterized The Sun and The Breeze contributed to their failure. Both papers were intolerant of opposition, giving those who differed from them in opinion no credit for honesty; both were unduly severe in denouncing those who did not agree with them; they were bitter enemies of each other, and yet, strange to say, they advocated the same public policies and supported the same men for office.

"No other papers in the State stood up so vigorously for Mr. Stockton or so viciously assailed Gen. Gilchrist. But we do not think that their support of Mr. Stockton and warfare upon Gen. Gilchrist had anything to do with their failure, though we believe that they lost patronage through their uncompromising and almost savage editorial onslaught upon all persons and papers with whom they did not agree.

"Any experienced newspaper man looking at The Sun and The Breeze for the past few months, could readily see that they were losing money. Indeed, it was perfectly plain that the business department of The Sun was utterly neglected as its advertising patronage amounted to almost nothing."

Miss Jefferson Bell of the pension department in the Comptroller's office is given as authority for the statement that the Florida Confederate pension roll has decreased by deaths in the past year from 7,200 to 6,700. This loss of 500 out of so small a roll as 7,200 indicates how rapidly the old soldiers are disappearing and the statement is interesting in view of the approaching reunion of the veterans at Tampa.—Times-Union.

If the promoters of the Jacksonville carnival would enclose a check with the request for insertion of their advertising matter they would find more of it in the columns of the State papers. Evidently, Editor Carter thinks the poor country editor can pay his help and clothe and feed his family on "free tickets" to the carnival.

The task of advertising better, more adequately, than your competitor is yours always, unchangingly.

Nearly sixty thousand pounds of Spanish mackerel, the largest receipts in the history of Pensacola, were brought to that city Monday from East Pass, where the mackerel are now passing in immense schools. The boats, which at this season of the year engage only in mackerel fishing, had catches of from five to fourteen thousand pounds of the fine fish each.

Rufus McDanyas, a negro who by different ones of his race is claimed to be a hoodoo doctor, is in St. Augustine in a hospital suffering with gunshot wounds in both legs. It "got out" around the turpentine camps at Racey Point, near St. Augustine, that Rufus was a hoodoo doctor and was going to throw a spell over all the women in that section and make them leave their homes. He was attacked by a number of the negroes at the camp with the above result.

Twenty years each in the penitentiary was the sentence passed upon Joe and Henry Daniels by Judge Beggs in the criminal court at Pensacola, when the two men faced him, having been convicted of assault with intent to murder and highway robbery, and is possibly the heaviest sentence ever imposed for such an offense. The two men went to a Greek fruit dealer's store at a late hour and calling him out rendered him unconscious with a blow from a club, and then robbed the store of all its money.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbina, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

ORGANIZATION TO RETAIN HOSPITAL

Plans Being Perfected For
Building of Sanitarium in Charge.

THOROUGHLY ADVERTISED

Charity Institution, But Plans
for a Stock Company, in Which
Thought the People Will
Benefit.

It has been learned that an organi-
zation is being perfected for the pur-
pose of taking over the National Odd
Fellows Sanitarium, and establishing
it on a business basis, similar to the
one in which it was operated by
Dr. Marsh.

It is proposed to thoroughly adver-
tise the institution throughout the
city with the finest and best ad-
vertising matter that was ever issued
for a similar purpose, and to see that
the matter is thoroughly distributed
so that it will do the most good.

The plans on foot do not contem-
plate asking anyone for donations, but
the same will be organized in the
form of a stock company, in which
people generally will be asked to
invest thereto, and, of course, will
derive the benefits derived from the
same.

Those at work on the project are
some of the leading citizens of
Gainesville, and it is thought by this
organization that we will be enabled to maintain
the hospital which has proven of so
much benefit to the citizens and sev-
eral patients in particular.

Further particulars of the proposed
organization will be given in a lengthy
article which will appear in Tuesday
morning's paper.

The people cannot now well afford
to abandon the hospital, and it is
thought that a large number will co-
operate with the leaders in making
it a permanent and leading insti-
tution.

WOMEN'S WOES

Gainesville Women Are Finding Re-
lief At Last.

It does seem that women have
more than a fair share of the aches
and pains that afflict humanity; they
must "keep up," must attend to duties
in spite of constantly aching backs,
or headaches, dizzy spells, bearing-
down pains; they must stoop over,
when to stoop means torture. They
must walk and bend and work with
racking pains and many aches from
kidney ills. Kidneys cause more
suffering than any other organ of the
body. Keep the kidneys well and
health is easily maintained. Read
of a remedy for kidneys only that
helps and cures the kidneys and is
endorsed by people you know.

Mrs. L. deYampert, living at 107 W.
Arlington street, Gainesville, Fla.,
says: "My kidneys had been in a dis-
ordered condition for some time, and
I was unable to find anything to give
me relief. My back ached severely,
and I was subject to dull headaches,
very dizzy at times and frequently
troubled with chills. There was a
continual feeling of lassitude and the
slightest work left me completely
tired out. I decided to give Doan's
Kidney Pills a trial and procured a
box at J. S. Bodiford & Co's drug
store. They entirely banished the
pains and aches, and I am today en-
joying perfect health."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

Water on Jacksonville Streets.

Passengers arriving in the city last
night report a heavy rainfall for Jack-
sonville yesterday, which put the
street cars out of business for about
three hours during the afternoon. At
the Union Depot it was said the
water was fully knee-deep and the
hackmen reaped a rich harvest as a
result.

To Be Happy

You must have good health. You
can't have good health if your liver
is not doing its duty—slow but sure
poisoning is going on all the time
under such circumstances. Ballard's
Herbine makes a perfectly healthy
liver—keeps the stomach and bowels
right and acts as a tonic for the en-
tire system. Sold by W. M. Johnson.

Isn't It?

OUR semi-annual heart-to-heart talk is due, for the Fall is approaching and preparations for refurnishing occupy the mind. Now, suppose you **have** the cash. There is little wisdom in paying a cash house 25 per cent more than our prices, for we will take your money, if you insist, and will make you a very fair discount, but we'd just as lief you would open a charge account, subject to small periodical payments. We'll make the terms to conform with your revenue. Under any conditions, we assure you of the same goods for 25 per cent less, or at the same price we will give you 25 per cent better goods. This is no idle talk—there's a way to prove it. Don't wait until you have bought, but satisfy yourself, in advance of any promise to pay. Understand, you needn't buy because you look. Our salesmen will not urge you, nor persuade you. All we ask is that you do not skip us by. If you compare our goods—our prices—with all other offerings, your own good judgment will make you a customer of this store.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every nerve, bone and joint absorbs the acid, pain-producing poison, which causes aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism can be expected from the use of liniments, plasters, and other external treatments which does not reach the blood, where the cause is located. Such treatments give temporary relief, but in order to cure Rheumatism the uric acid, an inflammatory poison must be expelled from the blood. S. S. S. Rheumatism because it is a perfect blood purifier. It goes down the circulation, neutralizes the uric acid and drives it from the blood, expels the irritating, inflammatory matter which is causing the pain, and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the power needed to cure, and at the same time a medicine that builds up the system by its fine tonic effects. Book on Rheumatism and any medical free to all who write.

Demand in Savannah During Early Part of the Week.

Savannah, Ga., Sept. 26.—There was a demand early in the week, but the Manchester lock-out the demand fell off, and left only a few orders in the market. The cotton has not yet got fairly in the market, and hence latterly the tone has been lower. Some business was done, but the quotations are extra. The quotations for the week were as follows:

Material change is noted in the price of crop reports. There is excessive rain in some sections. It is apprehended that damage will result, more particularly to the cotton. It is apprehended that the grade of the crop may fall, and cause a re-adjustment of prices again.

Following prices are based on quotations and are revised on Fridays:

ORDINANCE NO. 167.

An ordinance to provide for the paving of Boundary street from Pleasant street, thence east to University street, and the issuance of Special Assessment City Certificates to enable the said City of Gainesville, Florida, to pay the cost of such work pending the collection of the special assessment; and providing for assessments against the property owners abutting on said street, for the cost of such work.

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. That the Board of Public Works be, and said board is hereby authorized and directed, to pave or to contract for the paving of Boundary street from Pleasant street, thence east to University street, the same to be properly graded and paved with rock, six inches thick in the center tapering to four inches at edge; such paving shall include a curb and gutter, which curb and gutter shall be constructed of brick. Said Board of Public Works is further directed to remove or cause to be removed any and all obstructions or encroachments from said street, and in the paving of said street the same shall be paved twenty-four feet in width.

Sec. 2. That the cost of said street as provided for in section one of this ordinance shall be paid as follows, viz: one-third of the entire cost of such paving shall be paid by the City of Gainesville, and the remaining two-thirds of such paving shall be paid by the special assessment of same against the property fronting on said street where the same is paved in proportion to the frontage of the property fronting thereon, except in the case of the Atlantic Coast Line Railroad Company, which shall pave thirty (30) feet on each side of their track for the entire width of Boundary street. The estimated total cost of paving of said street is Two Thousand Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same is paved is sixty-six and two-thirds cents.

Sec. 3. The special assessment for the paving of said street as provided for in section two (2) of this ordinance shall become due and payable as fast as said street is paved, to be paid in the proportion as named in section two (2), viz: one-third by the city and two-thirds by the owner or owners of every lot, piece or parcel of land fronting or abutting on said street where the same is paved.

Section 4. The Mayor and City Council are hereby authorized and directed to issue Special Assessment City Certificates for such amounts as may be due and payable for the paving of said street as fast as same is paved, according to the special assessment against said property as provided for in and by this ordinance to be paid, in order to enable said city to pay the cost of said paving pending the collection of said special assessment; said certificates to draw interest at the rate of six per cent per annum. The amounts to be paid by said property owners for said paving of said street shall be a lien on the lots, pieces or parcels of land fronting or abutting on the same, and said lien shall be enforced by suit in equity as provided by the charter of said city.

Section 5. The City Council shall, as soon as practicable after the completion of the paving of said street, meet and by resolution fix the special assessment per front foot, not to exceed the actual cost for paving said street, upon the abutting property owner not to exceed two-thirds of the actual cost of paving said street, as provided by this ordinance. Said resolution shall, immediately after its passage, be published in a newspaper published in this city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest, and any special assessment not so paid shall draw interest at the rate of six per cent per annum from date of the publication of said resolution. All special assessments shall be paid to the Board of Public Works of said city, who shall turn the amounts thus collected over to the city treasurer to pay certificates.

Section 6. The City Council shall meet on the 20th day of October, A. D. 1908, at 7:30 o'clock p. m. of said day, in the council chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Section 7. All ordinances or parts of ordinances in conflict with the provisions of this ordinance, be, and the same are, hereby repealed, and this ordinance shall take effect immediately upon its passage and approval; provided, however, that the Board of Public Works shall not commence the construction or letting of contracts for the paving of said street or let any contract for the paving of same until thirty days after the meeting of the council provided for in section six hereof.

Passed in open session of the City Council this 17th day of September, A. D. 1908.

T. W. SHANLEY,
President City Council.

Attest: J. M. DELL, City Clerk.
The above ordinance is approved by me this 18th day of September, A. D. 1908.

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large pictures, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have no agents, never did, and never will. I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not only insured against loss of the original, but will have a guarantee of a faithful likeness and an artistic finish.
